

Lines From Leab *By Leab Vooy's, Director*

The **Page Turners** will be on break for the months of July and August.

The **Page Turners II ~ Nonfiction** book club will meet on Wed. August 25 at 1:30 p.m., at which time the group will discuss *My Beloved World* by Sonia Sotomayor.

The main **book display** for this month continues to follow along with the summer reading theme with books featuring sports and sports figures.

July was the kickoff month for the **Adult Summer Reading**

programming. In planning out the summer I tried to schedule 1-2 programs per week. On July 6 we had **Team Trivia**, which is always tons of fun! On July 13 we had the **Country Memories Band** perform – it was an enjoyable show for all. On July 19 we hosted Elaine Hardman to teach how to make **aluminum can flowers**. We hosted a **self-defense class** with AKT Combatives on July 20. In addition to these programs, Tina

hosted several that were teen/adult cross overs like **Bollywood Dancing** and **Tales from the Beyond**.

Upcoming Programs:

August 10 at 6:30 - Reiki Workshop with Ardent Solutions

August 16 at 6:30 – Essential Oils Bath and Shower Bombs

August 17 at 6:30 – Minute to Win It Games

August 23 at 6:30 – Food Substitute Bake-Off

Lee Smith, Dime Store

The War Years in Cuba, NY 1941-1945

Thoughts From Tina... *By Tina Dalton, Youth Services Librarian*

Summer reading is in full swing, and most days you will find the library is quite busy. The **teens** have a different activity each

Monday night. We started with an afterhours game night where we played zombie tag in the library. We've also had anime night, video games night, and another round of Chopped.

In keeping with the healthy habits theme of the summer, our **K-1 and 2nd-4th storytimes** have focused on healthy food. The kids have had a chance to try new foods, such as hummus and kiwi, which they may not have had before.

Wednesday afternoons are **Make It @ The Library** day. Each week we get out the Legos and K'nex, as well as have a craft for the kids to do. The crafts have been fun activities that

repurpose "trash" such as stomp rockets that utilize 2 liter soda bottles or self-designed mazes that use CD cases.

Toddler/preschool storytime meets each Thursday morning. We've had great fun learning about our bodies, nature, and numbers.

We started the month with **Rachel Bell's World Music** class. This three day class gave students an opportunity to learn music from around the world. The kids used musical instruments such as hand bells and boom whackers to accompany the songs.

The **Wondermakers** performed at the Palmer Opera House on July 7. They were very interactive, inviting adults and children alike to participate in the stories they told.

The **Buffalo Zoomobile** came to the library on Saturday, July 16. They brought a parrot, chinchilla, and

tarantula. This is a very popular program that we've had to the library in past years.

Devi Bollywood dance class took place on July 21. Attendees (myself included) learned about four styles of classic Indian dance and how these styles of dance have morphed into the modern

style of dance we now associate with Bollywood.

The **Charlie Show** had a great attendance on the evening of July 21. Kids and adults alike were entertained by Charlie's magic and great sense of humor. There was a lot of audience participation that kept the kids engaged, and Charlie did an excellent job of bringing the summer reading theme into his act.

The **SBU Art Mobile** taught classes on both July 25 & Aug. 1 for elementary aged children. The SBU students helped the kids create "green" art work out of recyclable materials, including kites and wind chimes.

Cris Johnson presented his **Tales from the Beyond** program on July 26. All in attendance that night were very entertained, and more than a bit creeped out.

On July 28 the **Traveling Lantern** acting troupe presented a highly energetic play about one athlete's Olympic dreams.

Memorials For July...
