The **Page Turners** will meet on Wed. November 8th at 1:30 p.m., when they will discuss *The Hamilton Affair* by Elizabeth Cobbs.

The **Page Turners II ~ Nonfiction** book club will not meet for the months of November and December. The group will resume on January 24th at 6:30 p.m., when they will discuss *The Gene* by Siddhartha Mukherjee.

The main **book display** for this month is “I Mustache You to Read This Book,” featuring books with male main characters. The display also features a variety of books about

cooking with “Feast!”.

During the month of October, I conducted four **tech appointments**. Additionally, we had a session of **Not Your Parent’s Home Ec.** class – we made DIY cleaning wipes. We also hosted the **Narcan** training to learn to recognize opioid overdoses and administer Narcan.

I cancelled **Spooky Team Trivia** due to lack of interest. I think I might wait longer before offering Team Trivia again. Generally, November and December are quieter months for programming.

Thoughts From Tina... *By Tina Dalton, Youth Services Librarian*

Storytime started up with the first of the month. We have our weekly storytimes: Humpty Dumpty, Lapsit, and

Afterschool. The groups this year are all full, with waiting lists for two of the groups. It's rewarding to see people wanting to utilize the library's services and understanding the importance of developing their children's literacy at the earliest ages. One parent told me that every morning when his daughter gets up, they ask her what she'd like to do today. Every day she replies, "Go to

the library!" It's wonderful to know the kids enjoy their classes so much.

The teens held Teen Advisory Board, Anime Club, Gaming Club, and TAWNY this month. We also offered a four week **poetry workshop** for teens taught by SBU professor Donika Kelly.

This month we offered a "Paws to Read" program for four weeks. This program gave struggling readers the opportunity to meet with a therapy dog and read to her. We'd set it up for the kids to

read in a group setting, but if we try it again, we will look at revamping the set up, because this didn't appear to be the best fit for the kids.

Pfeiffer Nature Center presented a program on Oct. 19 in honor of William Burdsall, "Build a Better World". During this program, children learned the importance of ecosystem, and the impact of pollution on animals' homes.

On Saturday, Oct. 28 we showed the **Emoji Movie** and those in attendance enjoyed popcorn and lemonade. On Monday, Oc. 30 we showed the movie **Monster Hunt** to our teens for "Snark Attack: movies you love to hate."
